

# Mad Money

---

1. The Money Bag will be valued at a minimum of \$300 with \$50 per mixer to be added should no winner be named.
2. The Virtual Money Bag contains an assigned number for each member business that has paid their dues thru the prior quarter or in full.
3. For each participant in the MRV-ME program, an additional chance to win will be added for each share purchased in the marketing/events fund.
4. Only one business number will be drawn at each mixer at 6:20pm utilizing a random integer choice iPhone application. The business representative **MUST** be present to claim the Mad Money that has accumulated to that point.
5. A business representative is defined as: Owner, Manager or Employee.
6. If a member does not have a Paid Employee, they may appoint a **SINGLE** representative to attend mixers. This representative may only represent one business at the mixer and may not change from month to month.

**Attend mixers and leave with Mad Money!**

Should a dispute arise, the Executive Director will make final determination of the winning member.
